

Faithfully Stewarding Your Estate

A seminar presented by the Georgia Baptist Foundation

Does your church teach the biblical principles of a properly planned estate?

A common misconception among many people is that an estate plan is only for the wealthy or the elderly. However, a properly planned estate is not only essential for all families, it is also a biblical mandate that can significantly increase the impact of the church's ministry. Church members who learn and practice the principles of estate planning not only help their families navigate through an emotionally tumultuous time, they also have an opportunity to continue the ministry of their church long after their passing.

Church leaders who encourage biblical estate stewardship ...

- Strengthen their current ministries
- Increase overall giving without impacting tithes and offerings
- Help their members learn how to plan in a way that protects their families and strengthens Kingdom work
